Ribbon Is Cut - Hyland Crest Open

A capacity crowd in the Auditorium of the Hyland Crest Home for the Aged, watched the Hon. Louis P. Cecile, Minister of Public Welfare and Mrs. Muriel Medley one of those responsible for the initial beginning of this project, cut the ribbon to signify the official opening of Hyland Crest.

Speakers at the opening included Hyland Crest committee of management chairman, Mark S. Vasey, Haliburton County Warden, Gary Agnew, Anson, Hindon and Minden Reeve Charles Bran-

don, Haliburton Clerk-Treasurer, Frank Welch, Glen Hodgson MPP and William Scott, MP.

A formal presentation of the keys of the building was made to James Wade, Superintendent by Robert Fairfield the architect and Doug Brown the contractor.

In his opening remarks, the Hon. Louis P. Cecile, stated, "The Home for the Aged is built around the concept of are doing. This is a fact that I insist should be well known".

"Only by an understanding of

this function can we have the right attitudes and do justice to our Homes for the Aged and the people who live in them".

"But there is another aspect of a Home for the Aged that is equally important. It is a place where people will spend the balance of their lives. Those years should be interesting and pleasant as is possible in the circumstances. Although many of the residents will be well advanced in age and frail in health, they will still have a capacity for quiet enjoyment."

An overflow crowd of around 600 persons attended the official opening ceremonies which were relayed throughout the building on a loudspeaker system.

Mr. Cecile said he had never seen a more beautiful home in a more beautiful setting than Hyland Crest. "The people of Haliburton have built well, and each of you can certainly be proud of the result. Everyone who

COUNTY COUNCIL ENGAGES ENGINEER TO WORK ON VAN KOUGHNET ROAD

At a special meeting of county council, on Wednesday October 5, council engaged the engineering firm of Totten, Sim, Hubicki, and Associates, Whitby, to carry out the engineering on the proposed Carnarvon to Van Koughnet road.

This appointment will become official when approved by the Minister of Highways.

Recently the Hon. C. McNaughton minister of Highways made funds available to carry out a pre-engineering survey of the proposed road.

The cost of the Vankoughne road is estimated to be between \$75,000 and \$100,000 per mile. It will have a 22 ft. paved surface and be built on a 100 ft. right of way.

The County will be responsible for the purchase of any land required for right of way purposes.

While actual construction will not begin until the fall of 1968, the aerial surveying and pre-engineering will probably be initiated this fall.

OVER 100 DELEGATES ATTEND MEETING OF ONTARIO MAPLE SYRUP PRODUCERS

More than 100 delegates registered Thursday morning for the mass meeting in the interest of the Maple Syrup industry, being held in the Ontario Government building Friday.

The purpose of the meeting is to decide if an Ontario Maple Syrup producers organization should be formed, to decide on a title, to adopt objectives, form a constitution, and elect a directorate.

During the morning session Thursday reports were heard from regional organizations already formed. Norman Sinclair of the Agricultural School at Kemptville gave a report on actual field studies in the industry and Walter Humphries of the Farm Products Inspection Service of the Department of Agriculture and Foods, Barrie, gave a brief survey of conditions found in the field.

An almost unanimous vote was registered in favour of forming a Provincial Organization, and

after a motion and two amendments, the title of "The Ontario Maple Syrup Producers Association" was adopted.

WALLY CROFTS - President

Wallace Crofts of Haliburton was elected president of the newly formed Ontario Maple Syrup Producers Association at a well attended meeting Friday, of the Ontario Government Building at Lindsay.

Charles Corbett of Lucan, Ontario, was elected first vice-President and Ron Shaw of RR1, Hawkestone, Ontario, will be second vice president.

Directors elected at the day (Continued on page 10)

HELP KINSMEN FIGHT CYSTIC FIBROSIS

Cystic Fibrosis is one of Canada's most crippling diseases among young Canadians. We can help defeat this by supporting your local Kinsmen Club, here in Minden, when they have their door to door canvass, October 24th to sell Halloween candy.

The Kinsmen will be calling between the hours of 7 and 9 o'clock, Monday night, October 24th. Support them well.

THURSDAY SMILE

Many a domestic explosion has been touched off by an old flame.

The Honourable Louis P. Cecile, Minister of Public Welfare, assisted by Mrs. Muriel Medley, a member of the committee of management, cut the ribbon at the Hyland Crest Home for the Aged, here in Minden to declare the new building officially open.

Here and There

with
FENWICK FINCH

Thanksgiving and the World "Serious" has come and gone again for another year.

This past week-end has seen the greatest number of visitors to the area in years. Traffic was heavy on the roads and accidents were few — although with the type of driving in evidence — it was a wonder we didn't have more.

The colour was at it's best and the one attraction that drew most of the comment was the Gull River — or what was left of it.

There's no need to tell you readers of the sad little stream of water that trickled through the weed-gutted and mud banks. The tourists that ate their lunch along the river were treated to a sorry sight indeed.

On special days, over long week-ends, surely some arrangement could be made with the Orillia, water, Light and Power Co. to keep the Gull at least half full.

* * *

Door-to-door salesman are always the bane of society. They sell everything from roof to aluminum doors — they get inside the house and all Hades won't blast them loose.

I heard of one such case the other day and how the lady of the house handled him.

This salesman breezed into the house and asked — "Is your husband home?" "No", came the reply. "You don't mind if I wait for him do you?" questioned the hot shot. "No", came the answer, "take a chair."

After waiting for over an hour the salesman said, "where is your husband?" "He went out to the cemetery." "How long do you think he'll be gone?" "Well, now, I don't know," came the deliberate answer, "he's been out there pretty near ten years now."

* * *

The opening of The Hyland Crest Home last Wednesday was a success. There were a great many comments — mostly good. There was one observation that might give the public something to think about. "The craft room, has no washroom facilities for the people using it. They have to take the trip upstairs for this convenience."

Seems unusual that in a complex this expensive this necessity could have been allowed for.

* * *

Anyone who is in business knows the problem of hiring staff.

This office manager was looking for a new girl. The one he interviewed said she had won several prizes in slogan and cross-word puzzle contests.

The office manager agreed this was an unusual talent but that he wanted someone who was smart during office hours.

"Oh," the girl replied, "this was during office hours."

* * *

Well, that's about it for this week. The tourist season is practically over — the crack in the "coffee cartel" is widening further — one has dropped back to 10 cents a cup. Who knows what the future may bring.

* * *

See you next week.

Fenwick

LETTER TO THE EDITOR

Minden, Ontario
October 6, 1966

Dear Sir:

I read with interest an item in "Fenwick's" column regarding exercise for the middle aged man. The reference was made towards the formation of a badminton club and an exercise get-together.

The Anson, Hindon and Minden recreation committee have been advocating these type of activities for some time and have been concerned not only for the middle age man, but for the ladies as well.

There have been only two drawbacks found by our information and the first drawback is lack of facilities. There are no proper or even "make-do" facilities available in our community. The second drawback found was lack of interest shown when our committee sent out some 600 questionnaires asking the people of the community to state what their wishes were in respect to recreation. We had 12 answers back to our request.

Your recreation committee would be more than happy to hear from any interested people who would like to form a Badminton Club, a "keep fit" club or a Tennis Club. Possibly if the response was large enough we may have the strength needed to proceed with such a project or projects.

One possibility of facilities might be the use of the new school "Gymnasium" which I understand would be adequate for this purpose.

Let's get together with the recreation committee to proceed with any venture that will fill the needs of recreation for the community.

Your committee was appointed to look after the needs of the community and we are only to pleased to do so.

Yours truly,

William F. Payne

Chairman
Recreation Committee

Business In Minden

LIQUOR CONTROL BOARD

"COURTEOUS SERVICE IS OUR BUSINESS" - HARRY COWEN

The Liquor Control Board here in Minden is probably one of the busiest businesses in the village. Manager Harry Cowen says, "courteous service is our business and cleanliness is a must". These are the ear-marks that one will find in any of the Liquor Control Stores, and it is quite evident in the one here.

Minden's Liquor Store opened in June 1947, in the same location it is in today. The store is owned, and was built by Mr. Ern Hewitt. All stores are numbered by the board, and number 136 signifies this one.

Mr. Roy Windover was the first manager, from 1947 to 1956. Ken Lewis then took over in 1956 to 1958, since that time Harry Cowen has been the manager.

Mr. Richard Harrison has been steadily employed with the board for five years. Gareth Kellett and Pat Clark are employed part time with the latter working over the last four years.

Harry Cowen was born, raised and educated in Carnarvon, having many deep family roots here in the Hylands. One could fill this paper with the many activities Harry has participated in, and around this town. He is a charter member 1947, of the Rotary Club, and past president in 1963-64. He is still one of the more active members of the club. For the past three years he has been on the board of stewards in the United Church, and is called on many times to take charge of different jobs in the church.

Harry has a long active service in sports around the community, he has been coaching and managing hockey and ball clubs over the last fifteen years, and it might be said that as a coach, he brought the only All Ontario Championship Title to Minden, when he led his club to victory in 1949-50. He is a very ardent bowler, and could be listed in the top five in the county.

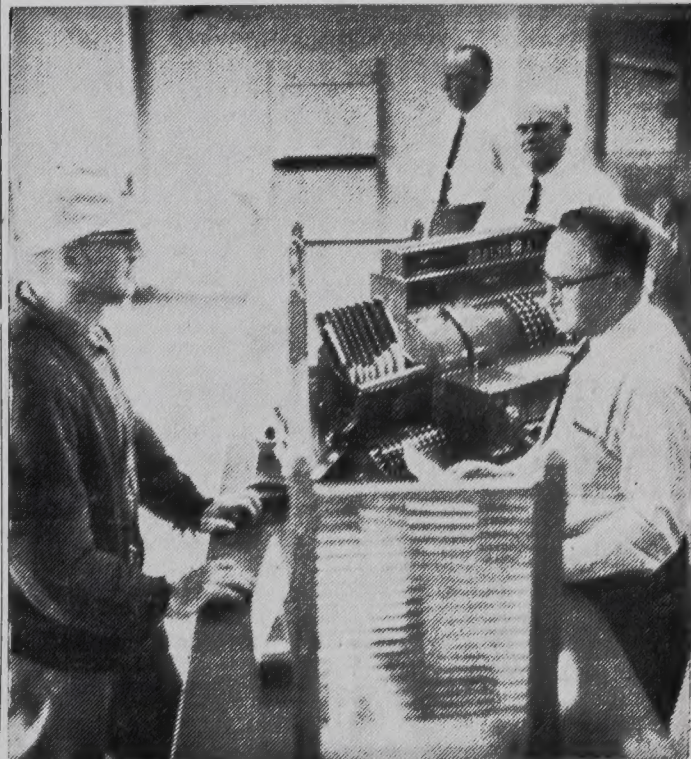

He shows a big interest in coins and has a fantastic collection, which he is justly proud of.

Harry has served for many years on the executive of the Legion Branch 129, and has contributed greatly over the years, to this organization.

When there is work to be done, one can always count on Harry Cowen, and if it is a little fellowship over a cup of coffee — there is not a finer fellow to talk to.

Pictured above shows Harry Cowen busy with the books in his office. He is known throughout the area as a man who takes his work serious — but, is always quick to flash a smile, and greet one with a pleasant hello.

Shown here is customer John Gulenchyn of Oshawa, a summer resident in this area, placing his order with Richard Harrison. Pat Clark and Harry Cowen are standing by to see that he has speedy service.

WE CAN BE PROUD OF HYLAND CREST

The Auditorium was filled to capacity, last Wednesday afternoon, as the Hyland Crest County Home for the Aged, here in Minden was officially opened. Most of the people on hand for this long awaited occasion were from the county — and a quick glance around, one could tell everyone was bursting with pride.

Everyone can certainly be proud of this Home, built to take care of our senior citizens — it is complete in every way. One can not account for the many long hours of planning and organizing which went into this beautiful building. It wasn't all easy for the few who worked on this project, they had many problems and headaches, but with much determination and perseverance their efforts were fulfilled — and we can say thanks for a job well done.

It was back in 1962 the Fellowship Group of the Carnarvon United Church Women realizing the need in Haliburton for a building to provide care for senior citizens approached members of parliament, the Minister of Public Health and other bodies for information on such a project.

At a public meeting in January 1963, the Director of Homes for the Aged spoke to a representative of all municipalities of the county, service clubs and church organizations and from this meeting a committee of three was formed to prepare a brief for county council. The recommendations were received favourably and the wheels were set in motion.

Since those early meetings people rallied around the project, reports were prepared, donations committees set up, a committee of management appointed. Over \$1,300 was donated by individuals, groups and organizations in the county as well as many donations of furniture, equipment, plants and clothing.

This modern, superbly equipped senior citizens home sits on high ground here in Minden, proudly overlooking the Gull River and the village of Minden. The planners couldn't have picked a better location, for as it stands it will always be a symbol to those who look up at its out-stretched wings, displaying comfort and a home away from home atmosphere, for our senior citizens.

It stands there on the side of the hill — a monument to the dedication of purpose for the citizens of the county of Haliburton.

LETTER TO THE EDITOR

A Trapper Speaks Out

October 7, 1966

Minden, Ontario

Dear Sir:

For over the last 20 years the trappers of Ontario, who are carrying on the tradition of Canada's oldest industry, have been forming various organizations in search of a marketing system that they could trust to get them the full market value for their furs. I think perhaps the basic reason for this interest was the dividing of large trapping areas into registered trap zones assuring the trapper of a constant production year after year. These zones were the same as owning a fur farm and meant the trapper could rely on a large part of his income from these zones. Therefore it was necessary that they find such a market.

Many different methods or schemes of marketing were tried out, some producing various degrees of success but most of them turned out to be failures before long. In time it was proved that the only possible way to achieve success was to form a fur auction sale run by the trappers for the trappers.

The Ontario Trappers Association, in the spring of 1960, tried a few trial auction sales in make shift quarters that proved quite successful. That fall, in rented quarters in North Bay, a Fur Auction Sale was set up under much better conditions and experienced staff was employed. From then until 1965 the Association and its Fur Sales grew. As more trappers became aware of the potential which they had, the more they participated. As the offerings of fur grew larger more and more buyers from Canada, the U.S.A. and Europe became interested in attending these auctions and so competition assured the trapper he was getting Fur Market price for his pelts.

During the summer of 1965 a parcel of land, 2.6 acres was purchased in North Bay by the Association. A warehouse was built 140' X 40' which was used last winter. This was found to be too small as the volume of fur increased, so this summer an addition was built adding another 120' X 24'. The original building will be used as offices and a show room while the addition will be used for a cold storage plant and a receiving and grading room.

Quoting from the report of the sales of 1965-66 season, the total volume was \$1,605,127.72, an increase of 89 per cent over the previous year. Approximately 40 per cent of the total productions of the Province was handled through the Association as compared to 8.2 per cent in 1961.

Well over 2,000 trappers used

the Fur Sales facilities as well as numerous dealers who have found this a satisfactory outlet. Furs are received from all parts of Ontario, from James Bay to the Niagara Peninsula and from Manitoba Border to Quebec. Some shipments are even drifting from outside the Province from as far west as Prince George, B.C. and east to Nova Scotia and New Brunswick. Much difficulty is experienced in the handling of furs from the inaccessible areas of Ontario where transportation problems and the immediate need for supplies force the Indians to take a much lower price for his fur than he would receive on the Sales. A concerted effort is being made by the Association to remedy this situation as the prime purpose of the organization is to improve

the welfare of the trapper.

Some of the top prices paid for various furs this past season were, Beaver \$41.00, Muskrat \$3.50, Bear \$75.00, Lynx \$56.00, Raccoon \$8.25, Otter \$54.00 and Fisher \$5000.

The Sales have built up now where they are becoming one of the larger Auctions if not the largest Auction of Ontario Wild Fur anywhere in the world.

A Group Insurance Plan was put into effect last year whereby the trapper can have some protection for his family.

Many other plans are in the offering and so as the Association grows so does the welfare of the trappers. Eventually he will receive his just reward.

THE CANADA POST OFFICE COMBATS DOG BITE

The Hon. Jean-Pierre Cote, Postmaster General, disclosed today that the Letter Carriers in the Vancouver area would soon be equipped with an animal repellent spray. This test in the Vancouver area is a further step in the programme of the Canada Post Office to minimize the possibility of postal employees being bitten by dogs.

In 1955 there were 579 incidents of dog bit resulting in the loss of 353 days to mail delivering employees. The policy of the Canada Post Office has been to appeal to patrons where there is a dog menace to control their pets or have delivery service discontinued. The statistics, Mr. Cote said, points up the inadequacy of the existing policy and indicate that other safeguarding methods must be tried and adopted.

The animal repellent which will be used in the Vancouver area, the Postmaster General said, is derived from the pepper plant, has no lasting harmful effect on dogs or humans and will be packaged in a pressurized spray container. The discharge from the container will leave a yellowish colouration on a dog's hair. This is removeable by washing. The colour can also be easily removed from clothing by dry cleaning or the use of commercial spot remover.

DEPARTMENT OF LANDS AND FORESTS URGE HUNTERS TO REPORT DUCK BANDS

The department of Lands and Forests announced today that all migratory bird bands recovered should be reported.

Flatten out the bands, attach it to a piece of paper with your name and full address, the date found, the nearest town to where you found it, the cause of death if known and mail to the following address: Bird-Banding Office, Patuxent Wildlife Research Centre, Bureau of Sports Fisheries and Wildlife, U. S. Fish and Wildlife Service, Laurel, MD., U.S.A.

Please note racing pigeons, pheasants and grouse are not migratory birds. All authorized North American banders of migratory birds report their work to Patuxent. This research centre has the necessary automated equipment to record band recoveries and mail replies.

Band recoveries have an important role in the estimation of the numbers of migratory birds (especially ducks and geese) dying or surviving each year.

This year 552 ducks were banded at Presqu'ile Park.

SPORTS

WITH BOB BEENEY

The Board of Directors and executive of the Minden Minor Hockey Association was elected on Monday night from a disappointingly small crowd.

Elected to the executive was Soup Campbell as president for a second year. Spike Moxam as Vice-President, Harry Cowen as Treasurer and yours truly as Secretary. Elected to the Board of Directors were Alan Rogers, Bill Payne, Gene Whitney, Andy McKenzie, Bob Harvey Jr., Harry Cowen, Al Greir, Gerald Hicks and Les Northey.

This group of men will be in charge of the operation of Minor Hockey in Minden for the 1966-67 season.

Registration for this season will be carried out on October 20th at 7:00 p.m. in the Minden Arena. Rates for this year are \$3.00 for mites and \$4.00 for Novice, Pee Wee, Bantam and Midget divisions. There is also a family rate of \$7.00 if registration fees in a family individually come to a higher total.

All teams will play at Haliburton until ice is available in Minden.

This rate quoted will also cover insurance. Registration is open to all kids in the area whether you are a resident of Minden or not. Both Snowdon and Lutterworth children take advantage of minor hockey in Minden.

It was thought earlier in the fall that teams would start to practice near the middle of October, but now it has been decided to commence activities near the first of November.

New equipment must be bought this year for some of the goaltenders and the directors will likely replace a set of sweaters each year instead of waiting and buying a complete new set for all of the teams in any one year.

The original sets of sweaters were purchased by various merchants in the area.

Just received an article from Floyd Hall, our realtor, "Sportsman" here in Minden. It goes like this —

DEAR LBJ

— just a few lines to say hi you-all and to keep you in tune with the state of the nation. I've been terribly busy in the past month and am sorry I haven't time to give you my monthly report in full, like you and the CIA have requested so many times.

Actually, I have a specific reason for this hasty note, and hope you'll comply with my request — please note I haven't asked for anything since my request for you to get out of Vietnam.

We seem to have a problem developing with a citizen of your country — Mr. Eddie Shore — who is beating his new-found eagle wings to our detriment. Mr. Shore, as owner of a yet-to-be second class hockey team, claims he will throw a curved stick into the plans of Carl Brewer to quit professional hockey in order to be eligible for Canada's national team. Max Bell and I have had to do some undercover work to get Brewer released by the management of Toronto Maple Leafs and Montreal Canadians, and now it looks like Mr. Shore of Springfield is going to set relations between our two nations back to the pre-1812 era.

I am sure just a short not from your office to Mr. Shore to step back into line and start obeying the conventions of the Geneva Conference, will settle this little problem.

P.S. - What do you think of making John Diefenbaker Canada's permanent delegate to the United Nations?

Yours truly LBP.

HI NEWS

with Dianne Earle

Last Thanksgiving week end was a very much needed and appreciated holiday for we students (and teachers?) at H.H.S.S. Those forty students who went to Stratford on Frida afternoon to see Twelfth Night and Henry Sixth welcomed the extra day of rest too. The plays, not to mention the outing itself, provoked a hearty "Yea Shakespeare" from the attentive (?) students.

Those who attended the Bancroft - Haliburton Field Meet last Thursday came home tired, yet satisfied at their able attempt to retain the trophy. The valiant efforts of our crew were not, however, quite sufficient to claim victory and keep the cherished trophy of the annual meet. But the competition was close and the final score of 274 — 254 for Bancroft was typical of the close scores of other years. I would congratulate Bancroft on their victory, and at the same time thank those representatives of H.H.S.S. who tried so hard and did so well, despite their defeat. The Bancroft boys were the actual victors, beating our boys by a score of 168 — 126, for our girls accumulated 128 points, in comparison with those 106 of the Bancroft girls. Apparently our senior athletes were the most outstanding of all this year, for Haliburton claims title of Senior Girl Champ, Donna Olan, Senior Boy Champ, John Davidson, and Senior Boy Runner-up, Paul Sisson. We also congratulate Intermediate Girl Runner-up, Glenda Cameron, Intermediate Boy Runner-up, Blake Sisson, and Junior Boy Runner-up Craig Stamp for their outstanding achievements. You who participated in this annual event deserve recognition for your efforts.

Speaking of achievement — the Commencement Exercises of 1965-66 are scheduled to take place on Saturday evening, October 22nd. Mr. Hodgson would urge all students and parents to attend. I, also feel that this would be a worthwhile outing for students and parents alike to catch a glimpse of that for which they are working so hard. Commencement is a very meaningful occasion, not only for those graduating, but also for any students, especially Grade-Niners, who are the least bit doubtful about their goal of Grade 12 or 13. This might prove to be the much-needed inspiration for any of us who are beginning to lose sight of our goals. So, come to Commencement and see what you're doing all that homework for.

Tomorrow is the big day. After all the warnings it's finally here. Just one more day. So be ready — don't let it take you by surprise. Remember, we warned you — tomorrow — Watch out for it!!

ST. PAUL'S PARISH

NEWS

by Rev. C. Dymond

Sunday, October 16th, at 11 a.m. in St. Paul's Church our 100th Anniversary guest will be Mr. Alf Pooley, a Registered Lay Reader from St. Luke's Church, Peterborough. He and his wife have, for a long time, been associated with this Parish of Minden. It is appropriate that he comes to Speak to us on Laymen's Sunday. We hope many in the Community will attend this Service.

To conclude our 100 Centennial Celebrations we have invited our new Bishop, the Right Reverend George B. Snell, to celebrate the Holy Communion Service, to preach, and to dedicate a Plaque that contains the names of all former Incumbents and the dates of their ministry. This will be the highlight of our programme and many will not want to miss it. Remember the date, Sunday, October 23rd, 1966, 11 a.m. in St. Paul's Anglican Church.

St. Paul's Church Sunday School is in full gear. There are excellent adult teachers for each class from the new-born infants to the teen age confirmation age. Help your child to grow spiritually in grace and favour with God and man by coming to worship with them Sunday by Sunday. Sunday School classes are held at 11 a.m. in the Parish Hall and Basement with the exception of the pre-confirmation class (ages 12 - 14) who meet in the Parish Hall at 10:00 a.m.

double your money with Canada Savings Bonds Centennial Series

Centennial Series Canada Savings Bonds offer you their highest interest yield ever—5.48% a year when held to maturity.

The new Bonds pay annual interest at the rate of 5% for each of the first four years; 5½% for each of the next three years; 5¾% for the following year and 6% for each of the last five years—a total of \$72.25 in interest on every \$100 Bond.

And for the first time, there is a special compound interest option. To take full advantage of it, leave all the annual interest uncollected until Nov. 1, 1979, and you will get interest on your interest, amounting to \$27.75 extra on every \$100 Bond.

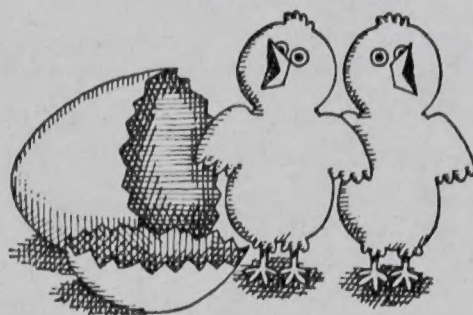

It all adds up to total interest of \$100 on every \$100 Bond. It's a safe, sure way to save. **DOUBLE YOUR MONEY** with Canada Savings Bonds Centennial Series.

This Series retains all the traditional features which make Canada Savings Bonds Canada's most favoured investment.

They are still easy to buy for cash or on instalments where you work, bank or invest. You may buy as little as \$50 or as much as \$10,000. Every Canadian resident may buy up to this limit. So can estates.

They are still simple to cash, anytime, at any bank in Canada for their full face value plus earned interest. Just fill out the redemption form on the Bond, present it to your bank and you'll get your money right away.

And now they're better than ever to keep with the highest interest yield ever and interest on interest. **DOUBLE YOUR MONEY** with Canada Savings Bonds Centennial Series.

CAPACITY CROWD ATTENDS

HYLAND CREST OPENING

(Continued from page 1)

has taken part in the promotion, planning and construction of Hyland Crest deserves credit — the elected and appointed representatives of the municipalities will be remembered with gratitude for their foresight and enterprise as long as Hyland Crest stands here."

The minister said almost every one of the counties and districts of Ontario has built one or more homes within the last fifteen years. He said the homes fill up rapidly and in most counties and districts, second and third additions have become necessary.

"Under present day conditions, a certain proportion of the aged people in the population will require the special kind of care that only a place like this can give. The need is more extensive and more urgent in cities and urban areas, but it also applies in regions such as the County of Haliburton."

The minister said he had looked up records and found there are about 900 persons over 65 years of age living in Haliburton county.

"The proportion of those over 65 in Haliburton is 9.4 per cent of the population, or nearly one in ten. This is slightly higher than the Ontario average of 8.1 per cent of the population over 65. So on a statistical basis alone, it is evident that this Home for the Aged will be a well appreciated benefit to the community."

The Minister spoke on the concept of a modern Ontario Home for the Aged and said first the old ideas about Homes that have been carried over from the nineteenth century have to be removed. A Home is emphatically not a refuge for the destitute or friendless. We can say thankfully, that institutions are no longer required to shelter persons so poor that what they needed most was a roof and three meals a day."

Today, almost every elderly person has some income. Old Age Security is available to nearly everyone over 69 and Old Age Assistance can be obtained over 65. Besides, this, he said, there are other maintenance allowances and types of pensions.

"While we cannot be complacent about some of the unfulfilled needs of our elderly citizens, yet today, no one known to the public authorities suffers from a lack of the ordinary necessities of life. Absolute destitution in old age is a spectre of the past."

Mr. Cecile concluded, "Here in Haliburton, you have joined municipality with municipality, citizens with citizens, to fulfill your duty to a passing generation. You have provided an excellent home for the grandmothers and grandfathers of this county."

Wedding

Stoate - Harrison

Saturday, September 17, 1966, at 2:00 p.m. in Saint Paul's Anglican Church, decorated with bronze mums, Reverend David E. Lemon united in marriage Merlyn S. Harrison, daughter of Mrs. Willard McPhail, Maple Lake and the late Mr. Mervyn LeRoy Harrison, and Thomas N. Stoate, son of Mrs. George Eggleton of Lindsay and the late Thomas Stoate.

The soloist, Mr. Robert Thompson sang the "23rd Psalm", accompanied by Barry Loyl of Lindsay.

Given in marriage by her uncle, Mr. William Hilderbrand, the bride wore a full length sleeveless gown of slipper satin, covered with organza, with pearls around the neck. The gown featured a coat of lace with long lily

point sleeves and a train of French lace. Her headdress was a four layered, shoulder length plain wedding ring, hand made by Mrs. J. Norris. She carried a prayer book and yellow sweetheart roses and stephanotis.

The matron of honour, Mrs. Roy Mullen, cousin of the bride of Peterborough, wore a moss green full length peau de soie gown, featuring a semifull skirt and a lace top. She carried a bouquet of yellow and bronze mums. The bridesmaid's, Mrs. Carl Harrison, aunt of the bride of Maple Lake, Miss Judy DeGeer, of Toronto and the Junior bridesmaid Miss Connie Hildenbrand, wore the same dresses as the matron of honour, but their dresses were in a gold colour. Flowergirl, Miss Tracey Mullen, cousin of the bride,

of Peterborough was dressed the same as the bride. They all carried bouquets of bronze mums. The headdresses were plain wedding rings with bows in front.

The ring bearer was Master Vern McPhail, brother of the bride of Maple Lake.

The bridegroom's attendants were Mr. Ron Langdon of Cobourg who was best man, Mrs. Gary Henderson of Toronto and Mr. Donald Hildenbrand, cousin of the bride of Lindsay were the ushers.

For the reception at St. Paul's Anglican Church, the bride's mother received wearing a coral satin, back crepe dress with matching coat and hat. She had accessories of brown shoes, purse, and gloves, and a corsage of white and coral sweetheart roses. The bridegroom's mother was in a blue lace dress and jacket with a blue feathered hat and black shoes and purse. She wore a corsage of pink sweetheart roses.

The bride wore a brown double knit three piece suit with accessories of gold velvet hat and tan reptile shoes and purse for a honeymoon to Northern U.S.A. and Western Canada. The newlyweds will reside at Melville, Sask.

(Continued from page 1)

long meeting were William Murray of Cumbermere, Bert Gilbertson of Richards Landing, William Parfitt of RR 1, North Bay, and Gordon Derby of RRS Rockwood.

R. E. Goodin, of the Ontario Foods Council, who chaired the meeting struck the key note of the convention in his opening remarks, when he said "We must take a new broad look, with objective positive plans".

"You and I" he continued, would be wasting our time if we simply met here to form another organization. If the proposed organization is to make progress for the industry it must be active, vibrant and adopt definite goals. He said research and extension along with scientific and practical application and promotion are all needed.

Total farm value of maple products increased from \$843,000 in 1964 to \$1,848,000 in 1966.

"The Ontario maple syrup and sugar industry offers a fantastic challenge for active participation and leadership. It can be a fascinating venture, and as citizens we have an obligation and a responsibility" the Market Development Specialist said in closing.

Mrs. Gladys Water of Fairfield Bay and Mrs. Jane Fairfield Sr. of Fairfield Bay are pictured with the Hon. Leslie M. Frost and Glen Hodgson, MPP at the opening of Hyland Crest Home for the Aged, here in Minden.
